Dr, Louis Babins

Broomall, Pennsylvania

Dear Dr. Babins:

My delay in answering your letter of November 28 is because I have been away and am immediately leaving again. I regret I cannot now with certainty make a commitment for January.

This is not to stall you. I am at the moment very busy, far past exhaustion, and have an unusually taxing two weeks ahead of me. Also, I have committed myself to tell the story of WHITEWASH in 200 radio programs that I may have to tape beginning in January.

Directly or indirectly, as soon as I know what my situation is and will be, I can let you know.

I was in Broomall for almost four hours Thursday morning after my appearance on the Jack McKinney show but had to leave too early to phone you. Perhaps by now my sister or brother-in-law have has gotten this message to you.

Sincerely,

Harold Weisberg
